

Once you sign up, you will have access to all videos by clicking the “Blue Question Mark” on each page

The screenshot displays the Pavement Layers dashboard interface. At the top, the user is logged in as Michael Barrett (Admin) with options for Contact Support and Logout. The main navigation bar includes icons for Dashboard, My Account, Prospects, Leads (42), Clients, Proposals (1), Reports, History, and Export. Below this, there are search bars for Proposal Name and Client Name, and buttons for adding and editing proposals and clients. A 'Your Pipeline' section shows a pie chart and date filters. The 'Top 10 Open Proposals' table lists projects with their dates, companies, and amounts. Two blue arrows highlight question mark icons: one in the search bar area and another in the 'Company Information' section.

#	Date	Company	Project	Amount
1	01/09/2014	Hills Communities	Hoersch Industries	\$817,391
